Projects

SKY PASS: SMART TICKETING 2025

Project Summary:
Designed and developed a web-based Bus Pass Management System using Laravel (PHP) and MySQL on the XAMPP platform. Key features include user registration, Aadhaar OTP verification, UPI-based digital payments, and QR code-based pass validation. The system ensures a secure, efficient, and paperless process for issuing and managing bus passes.

- Successful Outcome:
Streamlined bus pass management using a Laravel/MySQL web app, improving efficiency and enabling secure, paperless access for users.
